

Attorney Docket No.: 0185-001

PATENT**REMARKS**

Claims 1 - 3 and 7 - 9 are pending in the present application. By this Supplemental Response, claim 1 is further amended to address minor informalities identified in the Advisory Action issued December 16, 2003.

The changes made are trivial in nature. In particular, they emphasize that the two fingers are positively recited, and that at least one of those two fingers is metallic. Since all other objections have already been addressed, it is urged that these minor amendments place the application in condition for allowance.

Favorable reconsideration is respectfully requested.
